As an amendment to the current service contract provided by IT Curves for the WMR Help Desk customer service, IT Curves proposes the following changes:

Extended Support Hours

Currently, IT Curves provides support from 9:00 AM to 5:00 PM, Monday through Friday. Moving forward, IT Curves will extend these hours to provide service from 7:00 AM to 7:00 PM.

IT Curves will add an additional team member(s) as needed to handle the extended hours.

Adjusted Cost

The service cost has been adjusted as follows:

- Tier prices adjusted for inflation – 4% x 3 years.** The current cost for 8-hour service is adjusted for each tier for inflation (rounded). Tier 1 from \$1,200 to \$1,400, Tier 2 from \$1,800 to \$2,100, Tier 3 from \$2,100 to \$2,400, and Tier 4 from \$5.00 to \$5.50 per additional call.
- Upcharge for 4 hours extended service outside of business hours.** An additional charge of \$800 per month is added to each tier to cover costs for extra support hours above the standard 8-hour work day shift.

Quote for Service — Monthly Tiered by Volume of Service Calls

Call Quantity	Price	Call Quantity	Price
Up to 100 Calls per Month	\$2,200 /mo.	201 to 300 Calls per Month	\$3,200 /mo.
101 to 200 Calls per Month	\$2,900 /mo.	Above 300 Calls per Month	\$3,200 /mo. +\$5.50/call (per call over 300)

Terms:

- 4% increase per year for inflation
- Three-year contract, with annual renewal

Implementation

Once the contract is agreed to, IT Curves will begin to implement the changes to service which may take between **2 – 3 weeks** for the new service hours to start. This accounts for time to adjust team member scheduling availability and training, and implementing changes to the phone system.
